

PP Clamp for 1-1/4" Leaky Cable with M4 Screw

Features:

Allows for safe and efficient installation of Leaky Co-Axial RF Cable using these self-locking Click Clamps. Simple mounting by using anchoring arrangement provided and mounted onto a standoff to ensure minimum adequate distance from wall. Simply push the cable in by hand, clamp will grip and lock by applying slight pressure.

Description:

Self-Locking Click Clamp for 1-1/4" Leaky Co-axial cable. Self-Locking Click Clamp for 1-1/4" Leaky Cable. These hanger kits and accessories are designed for mounting vertical and horizontal runs of coaxial cables.

ELECTRICAL & MECHANICAL SPECIFICATIONS	
Product Line	RF Cable Accessories
Model No.	SRFSL-RFCL-PP-22D
Product Type	Installation Hardware
Clamp Type	Stainless steel clamp for Leaky Cable
Cable Size	1-1/4"
Color	Silver and Black
Material	SS, PP FRLSZH, Nylon FR
Axial Load Capability	8 X 1-1/4" LCX Cable Weight per mtr
Corrosion Resistance	≥ 500 hours of the salt spray chamber
UV Resistance	≥100 hours of accelerated UV Life Chamber
Operating Temperature	-40 °C to +85°C
MECHANICAL SPECIFICATIONS	
Self-Locking Clamp-1 pcs	Nylon FR
Bolt M4 1 pcs	Stainless Steel SS304 or SS316
Flush Anchor 1 pcs	Stainless Steel SS304 or SS316
Round Base - 1 pcs	PP -FRLSZH
