

PP Clamp for 1/2" Leaky Cable with M4 Screw

Description: Self-Locking Click Clamp for 1/2" Leaky Co-axial cable. Self-Locking Click Clamp for 1/2" Leaky Cable. These hanger kits and accessories are designed to mount vertical and horizontal coaxial cable runs.

Features: Allows for safe and efficient Leaky Co-Axial RF Cable installation using these self-locking Click Clamps. Simple mounting by using anchoring arrangement provided and mounted onto a standoff to ensure minimum adequate distance from the wall. Push the cable in by hand, and clamp.

ELECTRICAL AND MECHANICAL SPECIFICATIONS	
Product Line	RF Cable Accessories
Model No.	SRFSL-RFCL-PP-22D
Product Type	Installation Hardware
Clamp Type	PP clamp for Leaky Cable
Cable Size	1/2"
Color	Silver and Black
Material	SS, PP FRLSZH, Nylon FR
Axial Load Capability	8 X 7/2" LCX Cable Weight per mtr
Corrosion Resistance	≥ 500 hours of the salt spray chamber
UV Resistance	≥100 hours of accelerated UV Life Chamber
Operating Temperature	-30 °C to +75°C
MECHANICAL SPECIFICATIONS	
Self-Locking Clamp-1 pcs	Nylon FR
Screw M4 1 pcs	SS316
S6 Gitti 1 pcs	Nylon
Round Base - 1 pcs	PP -FRLSZH
